Sage Golf Group Worldwide was selected by the Desert Mountain Members Advisory Board as a consultant to perform a thorough review and analysis of the six Nicklaus Signature Golf Courses that make up the Desert Mountain Golf Club.

The club's membership is in the process of purchasing the club from the current owners, Desert Mountain Properties, and requires a complete analysis of current and future agronomy and infrastructure needs for the six golf courses. The club's membership felt that Sage's background and experience with world class golf facilities would be a perfect fit for Desert Mountain Golf Club's six Courses.

"We are very pleased to be working with the membership of Desert Mountain Golf Club," said Pete Davison, president and CEO of SAGE Golf Group Worldwide. "Our Vice President of Agronomy and Golf Course Maintenance Operations, Chuck Green, who is very familiar with Desert Mountain and the Scottsdale, Arizona area, will be working closely with the membership group on this project."
